JL-Early a.m. TV news today quoted Clarence Kelley in defense of current charges agaibst the FBI in the form of further attack on the critics, with ultra comment on "crime." I did not see this story in the Post. If you see it in any form, anywhere, I'd appreciate a copy because I can see uses for it. Thanks. HW 1/31/75

Not seen or heard here in any form. jdw10feb75
